

Home Buyers

10 Step Process

Think about what you want but be realistic

Online affordability calculators are a quick indicator of how much you could afford to borrow. It will simply subtract your outgoings from your earnings and tell you what you have left at the end. We will fully assess your financial situation in more depth.

Get In Touch

Call us on 01635 745025 or email info@hexagonfs.co.uk. We'll ask you to complete some initial information to help us get to know you. This will also allow us to process your application efficiently.

Get Pre-Approved

Complete an initial credit check (aka DIP/ AIP) to ensure you have the required credit check score to get the mortgage you're looking for. We recommend that this is done before you find the perfect house to ensure you're not disappointed later on in the process.

Meet with your Adviser

Arrange a first meeting either face to face or over the phone to discuss your individual situation. We will send you a detailed recommendation for you to review and confirm if you're happy with the advice.

Go House Hunting

Arrange a Solicitor

Instruct a solicitor to complete all the legal checks on the property and advise you on any issues that may arise.

Make an Offer

Once your offer has been accepted, contact us to discuss the next steps.

Finalise your Mortgage

Supply up to date documents and property details to us and we will go into full underwriting on the mortgage.

Exchange and Complete

You're almost there! Once legal work is complete you can exchange contracts and commit to the sale. We will ensure that all your insurance, including home insurance is in place. You'll arrange your completion date through your solicitor.

Welcome to your New Home

Visit hexagonfs.co.uk for more tips.

At Hexagon, we don't just pick a mortgage product, we will be by your side until you've turned the key in your front door. And we'll even stick around afterwards. We are here to answer every question you may have, however big or small.
